## RUSSELL'S COUNSEL

Captain W. H. Day and Judge McRae Will Represent Him in Greensboro.

BOTH ARE COUNSEL FOR THE SEABOARD

A Populist Letter Says the Appointment of Dr. Wood as Head of the Raleigh Insane Hospital Was Not for Political Reasons—A Varied Assortment.

Raleigh, N. C., March 29.—(Special.)—The fact that Captain W. H. Day and ex-Judge McRae, both general counsel for the Seaboard Air Line, have accepted \$250 as a retainer's fee to appear for Governor Russell in the injunction case at Greensboro, caused much comment here on Saturday night.

SELECTION OF DR. WOOD.

Mr. M. T. Caskey, a leading Populist member of the Legislature, writes to your correspondent asking that it be printed so as to set Dr. Wood right before the people in regard to his appointment as the successor of Dr. Kirby at the insane asylum here. He says that "the nomination was honorably tendered and honorably accepted independent of all political bias or intriguing of any kind. No one thought of asking the presence of Dr. Wood before the caucus, but he was selected by every member of the minority caucus, before caucus action was had, as being the man of all men in the State most worthy and competent to fill the position. Dr. Wood came to Raleigh at the solicitation of his brother, and during the time he was there I saw him and asked him if he would accept. He answered that he would. Dr. Wood did not go before the caucus, nor did he, so far as I know, ask anyone to support him."

Superintendent Ray, of the blind asylum has gone North to visit different institutions to see what improvement he can make in the management of the institution here.

Adjutant General Cowles is an applicant for the position of minister to Greece to succeed Minister Eben Alexander.

TO ADVERTISE CAROLINA.

The North Carolina exposition car is to be finished by August 1st and will be named for the city that bids highest for the honor. Raleigh, Wilmington, Asheville and Charlotte will send in sealed bids.

A Massachusetts man has secured the contract to erect the handsome \$20,000 Capital club building, which is soon to be begun.

Mr. E. C. Smith has been appointed to represent North Carolina on the Executive Committee of the National Association of Democratic Clubs.

Superintendent Smith, of the penitentiary, has returned from his first visit to the State farms down on the Roanoke, and expresses himself as much pleased with their condition.

FOR THE MUSEUM.

Attention is being called to the fact that North Carolina has the best room in the Confederate museum at Richmond, and at the same time it is the poorest of all of them. North Carolinians are asked to send mementoes there, and it is specially mentioned that nothing in connection with Governor Vance is in the room. Will not the simple mementoes of the fact secure some contributions from the State?

University and Wake Forest baseball teams play here on Saturday.

EDENTON.

Edenton, N. C., March 29.—(Special.)—There were services yesterday at St. Ann's Catholic church.

Mr. J. H. Perry is quite sick at his home at Strawberry Hill.

The ladies of the M. P. church will give a feast at Mr. Bush's store Monday.

Tuesday and Wednesday nights of this week for the benefit of the church.

The Rev. Mr. Braswell preached at the Magnolia Street Methodist church Sunday afternoon.

Several of the fishermen from the North who have been engaged in drift net fishing have returned home.

J. H. Leggett, of Plymouth, spent Sunday in Edenton.

Mr. J. A. Baumgardner returned Sunday from Chicago.

HERTFORD.

Hertford, N. C., March 29.—(Special.)—The ladies' oyster and ice cream supper Wednesday night at the Armory hall for the benefit of the M. E. church, was quite a success, and the net proceeds were about \$25.

Captain W. J. Floyd, of our town, has purchased the county right for the Johnson patent combination brace and bit and monkey wrench, also buggy and wagon jack.

The Rev. Oliver Hyder, of the M. E. church here, and the Rev. J. L. Runley, of Edenton, will exchange pulpits Sunday next.

ELIZABETH CITY.

Elizabeth City, N. C., March 28.—(Special.)—The usual services were held at all the churches yesterday.

The boxing exhibition given by the athletic club was very largely attended. There will be another similar entertainment at the club room on next Friday night, at which the public is invited to be present.

No cases at the Police Court to-day.

Notice to Mariners.

Washington, D. C., March 29.—On March 25, 1897, a lantern showing a fixed red light was established to mark the schooner E. A. Stevens, sunk in Raritan river, New Jersey. The lantern, about eight feet above the water, is suspended from a pole lashed to the butwicks just forward of the port main rigging. The wreck, loaded with brick, heads north-west and lies on her starboard side about 500 feet S. W. 1/4 S. from post light No. 2, with her bow twenty feet from the jetty and her stern on the edge of the channel. One-third of the hull is visible at high water.

On March 23, 1897, five second-class nun buoys, painted white and numbered respectively 1, 2, 3, 4 and 5, were placed in Long Island Sound to mark the trial course of the cruisers Wilmington and Helena. Buoy No. 5 is 1 1/2 miles S. 3/4 W. from Stratford Shoal Lighthouse, and in range with it and Stratford Point Light-house. The buoys are spaced about 6.63 miles apart, on a line E. 3/4 S. from buoy No. 5, the easternmost buoy. No. 1, being about 26 1/2 miles distant from buoy No. 5. These buoys will be removed when the speed trials are ended. While they are in position mariners are requested to avoid injuring them by collision.

long my throat was filled with sores, large lumps formed on my neck, and a horrible

ulcer broke out on my jaw,—says Mr. O. H. Eldert, who resides at 22d St. and Avenue N., Galveston, Texas. He was three times pronounced cured by prominent physicians, but the dreadful disease always returned; he was then told that

was the only cure. His hair had all fallen out, and he was in a sad plight. After taking one bottle of S. S. S. he began to improve and two dozen bottles cured him completely, so that for more than six years he has had no sign of the disease.
